Dear Parent

Nature challenges humanity only to unfurl the best qualities which further facilitate the realisation of Vasudhaiva Kutumbukam. This in turn requires thinking for the humanity, considering ourselves as a vital part of the World Family and having faith and conviction that every effort of our's counts to make Vasudhaiva Kutumbukam a reality.

Fear of the spread of Coronavirus predominates conversations and is making headlines in the print as well as social media. News of countries shutting down their borders, the impact on businesses worldwide is causing concern across all cross-sections of society.

Against this background, dear Parents you are requested to remain calm and safe for your own sake and for the sake of the children. Take advantage of any of the e-learning options that are available and help your child to be enriched. The Vidyalaya will also be making efforts to share resource material for fruitful engagement of children. There is no cause for panic, but please exercise caution and follow all the guidelines being put out by the Government.

Parents are the first teachers of the child and indeed they are role models as well for the young ones. At this critical juncture all adults must adopt disciplined practice of staying home, social distancing, practice good hygiene and ensure that it is practiced by all members of the family.

It is important for the family to understand and implement wherever possible the solutions to overcome the challenge posed by Covid- 19 rather than be a part of the endeavour to spread speculation and panic.

It is indeed the time as a family to introspect about respect for nature, share positive stories, share chores at home, work together, play together and think about the World as One Family.

As responsive and responsible citizens LET US ACT RATHER THAN REACT.

In addition to all the physical measures being taken to eradicate the virus, I request members in Chinmaya Vidyalaya Family to daily pray for the good health of everyone and the restoration of world peace. After all, prayers do have a mystical power of their own.

Let us extend our gratitude to all those who are working in the forefront to help combat the crisis.

“Lokah Samastah Sukhino Bhavantu”

May all beings everywhere be happy and free, and may the thoughts, words, and actions of my own life contribute in some way to that happiness and to that freedom for all.

With warm regards and prayers for you and your Family's good health and well being.
